INTERVENTIONAL CARDIOLOGY

The Second Israeli Workshop on Transradial Intervention

Mamilla Hotel - Jerusalem

Thursday, September 15th, 2011

08:15 – 15:30

International Faculty

Olivier F. Bertrand MD, PhD, FSCAI

Interventional Cardiologist, Quebec Heart-Lung Institute

Associate-Professor, Faculty of Medicine, Laval University

Adjunct-Professor, Department of Mechanical Engineering, McGill University

Research-Scholar, Quebec Foundation for Health Research

Director, CAIC Transradial Interventions Working Group

University Laval RADIAL Research & Education Fund

Quebec City, Canada

Local Faculty

Dr. Akram Abu Ful

Soroka Medical Center, Beer Sheva

Dr. Yaron Almagor

Shaare Zedek Medical Center, Jerusalem

Dr. Jonathan Balkin

Shaare Zedek Medical Center, Jerusalem

Dr. Carlos Cafri

Soroka Medical Center, Beer Sheva

Prof. Haim Danenberg

Hadassah University Medical Center, Ein Kerem, Jerusalem

Dr. Paul Fefer

Sheba Medical Center, Tel Hashomer

Dr. Aharon Frimerman

Hillel Yaffe Medical Center, Hadera

Dr. Amir Halkin

Soraski Medical Center, Tel Aviv

Dr. Ronen Jaffe

Carmel Medical Center, Haifa

By Live Transmission

Samir Pancholy MD, FACC, FSCAI

Associate Professor of Medicine,

The Commonwealth Medical College,

Mercy Hospital and Community Medical Center

Scranton, Pennsylvania, USA

Sanjit Jolly, MD, MSc, FRCPC

Assistant Professor, Interventional Cardiologist,

Hamilton Health Sciences, McMaster

University,

Hamilton, Canada

Dr. Arthur Kerner

Rambam Medical Center, Haifa

Dr. Marc Klutstein

Shaare Zedek Medical Center, Jerusalem

Prof. Chaim Lotan

Hadassah University Medical Center, Ein

Kerem, Jerusalem

Prof. Ariel Roguin

Rambam Medical Center, Haifa

Dr. Amit Segev

Sheba Medical Center, Tel Hashomer

Dr. Yoav Turgeman

Haemek Medical Center, Afula

Prof. Dan Tzivoni

Shaare Zedek Medical Center, Jerusalem

Dr. Hana Vaknin-Assa

Rabin Medical Center, Petach Tikva

Course Director

Dr. David Meerkin

Shaare Zedek Medical Center, Jerusalem

**The Second Israeli Workshop
on
Transradial Intervention**

Jerusalem September 15, 2011

PROGRAMME

Arrival Registration 8:15-8:45

Introduction 8:45

Prof. Chaim Lotan, Chairman Israel Heart Society

Dr. David Meerkin, Course Director

Session 1 - 9:00-10:30

Chairmen: Prof. Dan Tzivoni, Prof. Chaim Lotan

09:00-09:20 Global Adoption of the Transradial Approach: The Changing Landscape - Olivier Bertrand

09:20-09:30 Characterization of Operator Learning Curve for Transradial Interventions- Ronen Jaffe

09:30-09:40 Transradial Complications: What to Look for and How to Avoid Them- Amir Halkin

09:40-09:55 What's Available for TRA - Amit Segev

09:55-10:10 Radial Extreme - Maximizing Support - David Meerkin

10:10-10:20 Bifurcation and Left Main Disease - Jonathan Balkin

10:20-10:30 Carotid Artery Stenting Through Radial Approach-Arthur Kerner

Coffee Break - 10:35-11:00

Session 2 - 11:00-12:30

Chairmen: Dr. Akram Abu Ful, Dr. Marc Klutstein

11:10-11:20 Primary PCI and TRA - Aaron Frimerman

11:20-11:35 TRA in ACS in Israel, ACSIS Data –Paul Fefer

11:35-11:50 Is There a Mortality Benefit With TRA: Meta Analysis - Olivier Bertrand

11:50-12:20 Submitted Cases - Challenging Cases 1

Lunch - 12:20-13:20

Session 3 - 13:20-15:30

Chairmen: Dr. Yaron Almagor, Prof. Ariel Roguin

13:20-13:40 Submitted Cases - Complications

13:40-14:00 Insights Into the RIVAL Trial - Sanjit Jolly

14:00-14:20 Optimization of Radial Hemostasis to Minimize Risks of Radial Artery Occlusion - Samir Pancholy

14:20-14:30 Radial in Octogenarians - Hana Vaknin-Assa

14:30-14:40 Transradial Approach to Noncoronary Vascular Interventions - Yoav Turgeman

14:40-14:50 TRA and The Post CABG Patient - Haim Danenberg

14:50-15:00 TRA and SVGs - Carlos Cafri

15:00-15:30 Challenging Cases 2

Summary and Prizes 15:30 - Dr. David Meerkin
